### About This Game

The main adventurer of the planet - Iriska Tromb - goes on a trip to find the grave of Percival Fawcett, a british cartographer and traveler who vanished while trying to find a mythical Town Z.

In this game you'll have to discover the myth of extinction of an ancient civilization, come across a ton of deadly traps and try out a coop-mode.

- Unprecedentedly new gameplay.
- Coop-mode that will make you and your friend work together as close as ever.
- More than 16 mindblowing singleplayer levels. You'll be proud of yourself after completing each one of them!
- Charming main character, unfortunately, no face shown.
